## Aeration

STF101 Aeration System – 2 CFM #stf101

Complete \$615.00  
Aerator only \$430.00

Includes: \* 115V Single Piston Compressor \* One 100ft roll of Self Weighted 3/8" Tubing\* one Air diffuser \* Hose clamps, and barbed fittings.- *Oil-less Single Rocking Piston Design - Noise reducing intake air filter - Pressure Relief Valve - Thermal Overload Protection Low Power Consumption. Only 255 Watts!*

Aeration System – 4 CFM #at01 Complete system ~~\$905.00~~ Sale: \$825.00  
#at02 Aerator only ~~\$675.00~~ Sale: \$595.00

Larger oil-less rocking piston compressor. *We have used this compressor for 10 years and because they are very reliable we highly recommend this compressor for your aeration needs.*

Includes: \* 115 v compressor, \* One 100 ft roll of self weighted 3/8" tubing, \* one 6 CFM synergistic air diffuser set, \* Hose clamps, and barbed fittings

Koenders Windmills (shop & compare — we supply complete package)

12' Koenders free air Windmill Package: #wm01, \$1150.00  
16' Koenders free air Windmill Package: #wm02, \$1250.00  
20' Koenders free air Windmill Package: #wm03 \$1350.00

Available in two tone powder coating, add \$1000.00.

Package includes Windmill, air stone, 100' 3/8 air line, pressure release valve and check valve. Let Mother Nature help aerate your pond!

20' double diaphragm windmill Package: #wm04 \$1995.00  
25' Uni-pole double diaphragm windmill package #wm05 \$2695.00

Double diaphragm packages include windmill, 200 ft air line, 2 airstones, 2 check valves, pressure release valve, 2-way selector valve & two hose connector packs. Koenders Windmills are a proven low-maintenance, low cost, highly effective method of maintaining water quality and come with an 3 year factory warranty.

We offer several sizes and styles of **Floating, Aerating Fountains** and decorative fountain light packages. Sizes range from: 1/4 HP to 2 HP

| Stock # | Description     | Size (Diameter) | (height)  | Price     | with lights |
|---------|-----------------|-----------------|-----------|-----------|-------------|
| F1/4    | 1/4 hp fountain | 10 ft max       | 4 ft max  | \$985.00  | \$1180.00   |
| F1/2    | 1/2 hp fountain | 15 ft max       | 5 ft max  | \$1625.00 | \$2875.00   |
| F3/4    | 3/4 hp fountain | 21 ft max       | 6 ft max  | \$2050.00 | \$3300.00   |
| F1      | 1 hp fountain   | 26 ft max       | 8 ft max  | \$2500.00 | \$4000.00   |
| F2      | 2 hp fountain   | 46 ft max       | 22 ft max | \$4800.00 | \$6200.00   |

These commercial fountains are very energy efficient. A 1/2 hp fountain uses 5 amps compared to other brands. 1/2 hp fountains use up to 12amps.

1/3 HP Waterfall pump 4000 gal./hr #wfp02 \$375.00

Add beauty and aeration to your pond with waterfall pumps.

2 HP Waterfall pump 50000 gal./hr #wfp03 \$1500.00

Check Valve for air stones #cv01 \$16.00

Pressure Release Valve #prV01 \$25.00

Freeze Control Koenders #fc01 \$115.00

Prices are subject to change as supplier price increases/decreases

## Pond Supplies

True Blue pond dye #TB01

\$ 25.00 pk

True Blue pond dye #TB06 Case of 6 pk

\$125.00 case

True Blue pond dye is used for algae and weed control as well as to bring a natural blue appearance back to your pond. True Blue is formulated to filter sunlight penetration for weed control. **True Blue is non toxic and odourless and long lasting, economical and not harmful to fish, turf, birds and species.** Each 5.25 ounce TRUE BLUE EZ SoluPak will effectively treat one (1) acre foot or approximately 325,000 gallons of water. Holding onto the foil-lined overpack, drop or throw TRUE BLUE EZ SoluPak(s) into the body of water.

Phosclear™ (aluminum sulfate) #PH01 40 lb pail

\$125.00

Phosclear™ makes ponds instantly clear and is a convenient phosphorus removal and water clarification solution for murky waters. It can be used in lakes, ponds and reservoirs. Simply broadcast the granules evenly across the surface of the water or pre-dissolve and spray as a slurry. Typical application rate is 80 pounds per acre-foot (25 ppm). A buffering agent prevents pH drops. Note: pH should be between 5.5 and 8.0, alkalinity between 50 and 200 ppm and salinity below 3 ppt. **Phosclear™** is safe for fish, frogs and aquatic plants when used as directed.

Polydex 4 litre #pd01

\$ 80.00

10 litre #pd02

\$165.00

Polydex is a user-friendly method of controlling algae and anaerobic bacteria. These micro-organisms can make humans sick and are commonly known to cause unsightliness, bad odor, and off taste in water storage containers, including potable water systems. **Warning** Read All instructions fully and see calculations. The most important step is calculating your pond volume. Use one of the following formulas. Please measure the actual depth of the pond and pace off the dimensions if possible, as we have found most estimates are inaccurate. See formula for man made and natural ponds.

Man Made (steep slope): Length (ft) x Width (ft) x Depth (ft) x 0.7 = Cubic Feet x 6.23= IMP Gal.  
Natural (shallow slope): Length (ft) x Width (ft) x depth (ft) x 0.3 = Cubic Feet x 6.23= IMP Gallons

Nature's Pond Conditioner 1/4 acre Pond - Package of 4 - #NPC01 \$99.00

Use Nature's Pond Conditioner to regain control of your pond, promote water clarity and health the environmentally friendly way, eliminate odors and establish "sustainable nutritional balance" in your pond. **Nature's Pond Conditioner is not used as an Immediate Crisis Control measure!** Nature's Pond Conditioner is a multi-purpose all-in-one pond conditioner or algaestat. *All orders come with a sprayer to apply Nature's Pond Conditioner. Simple to apply. Safe to use, non-toxic. Works great and is environmentally friendly!*

Oxygen Test Kit #otK01

\$25.00

Phosphorous test Kit #ptk01

\$15.00

Test Strips (PH ammonia, Alkalinity, nitrite)

\$20.00

Hanna Oxi-Check—electronic oxygen tester #oc01

\$675.00

**Ponder**— 10 L Jug Achieves a naturally balanced system. Stimulates residue microbes and increase decomposition organic sludge from the pond bottom which supplies nutrients for weeds and algae. #p01 \$125.00

**Devour** - Aquatic Waste Sludge Reducer #d01 \$159.00

Ackenberry Trout Farm only carries the best available products for your pond.
